

BURGLAR SHOTS PURSUER IN HOT REVOLVER FIGHT

Jersey City Householder
Wounded In Running Bat-
tle of Bullets.

TWO CHASE INTRUDER.

Desperate Fugitive Turns On
Pair and Begins the
Fusillade.

While chasing a burglar who had
tried to break into his home, Carl
Slater, thirty-three years old, of No.
8 Duncan street, Jersey City, was
shot in the left thigh early to-day.
The burglar got away.

M. L. Hart, who lives on the first
floor of the Duncan street house, heard
a noise, as if some one was trying
to force the front door. He got up
and, taking revolver, went quietly to
a window. He saw a man who seemed
to be trying to force the door with a
jimmy.

Throwing up the window sash Hart
fired a shot at the fellow. The bullet
went wide and the stranger dashed
around the side of the house toward
the back yard.

Slater, who lives on the second floor,
heard the shot fired by his neighbor,
and got his revolver and joined Hart.
The two gave chase to the burglar, who
turned just as he reached the yard
and fired at his pursuers.

The first bullet fired by the burglar
hit Slater in the thigh, inflicting a
deep wound. Hart and Slater returned
the burglar's fire, but they failed to
bring down their man.
After a fusillade of shots the burglar
scaled the back fence and escaped.
Slater is being treated at his home by
a physician. His wound is not dan-
gerous.

Wooner, Mass., where his mother, Mary
Conroy, lives.

THREE HORSES SMOTHERED.

Three horses, valued at \$1,000 each,
were smothered in a fire in the barn
of James M. Weil, on Fort Hamilton
avenue, near West street, Brooklyn,
early this morning. The barn was de-
stroyed.

Your Shoes

All the fall styles in our "Foot Mould"
shoes are ready. It's the longest line and
the most varied that we have shown.

We are very proud of the "Foot Mould"
shoe, and our pride is justified by the favor
it has met with at the hands—or should we
say, the feet?—of our public.

It has been successful because it gives more for
the money than other shoes. That is the only reason
that could make it successful. The men and women
who wear "Foot Mould" shoes will see the same
styles on the feet of their friends who pay as high as
\$6 a pair for their footwear. We use as models the
styles produced by the \$5 and \$6 makers, and the
shoes will wear just as well as they look.

But the "Foot Mould" shoes are \$3 to \$4
only.

**Very Stylish Shoes for
Women at \$1.95.**

This is a special lot. The lasts are exact copies
of some popular styles selling in high-price stores
at \$4 and \$5. Patent leather, kidskin and cloth top.

**Last Call on Women's
Low Shoes.**

riety of styles. Among these are a few hundred
pairs of sample shoes. Choose from the
entire lot at 95c

**More of Those U.S. Army
Shoes for Men at \$1.98.**

You can understand that the Government is care-
ful about the shoes its soldiers wear. They must be
comfortable—a foot-sore soldier can't march. They
must be strong. And yet they must be good-looking,
too, for the smart dress parade.

All these features are shown in the present lot.
They were made for the Government and accepted
by the Quartermaster's Department. They could
not be duplicated by a custom shoemaker under \$5.

For policemen, letter-carriers, conductors, mes-
sengers—for all men who must be much on their
feet they cannot be excelled. \$1.98
We have a few hundred more to sell at.

morrow Should See the End of the Sale.

WE had more than twelve thousand waists in
this special lot when the sale began

What else could be ex-
pected when you can get
fresh, clean lingerie waists in
exquisite styles, made by
a concern famous for its careful workmanship. In many
instances the selling price is less than half the cost of
the trimming used.

We couldn't describe the styles,
even if it were necessary to do so. There
is a choice of seventy or more models
